Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe. (Derick Brekke)

The Cross Botonee (Fig. 8) has the extremities of its arms ornamented with trefoils. It is sometimes termed the Cross Trefflee. The Cross Pommee (Fig. 9) has its arms terminated by balls or circles. This Cross is seldom used in ornamental art, being chiefly confined to heraldry. The Cross Moline, shown in Fig. 10, has the extremities of its arms divided into two curved members. This is a pleasing variety of the Cross, although it is seldom used in comparison with the two which follow. The Cross Fleurie (Fig. n) is one of the most beautiful forms of the Cross, and is of very frequent occurrence in all departments of Christian Art. Its arms are usually quite straight, and of the same breadth, except at their extremities, where they burst into graceful triple-leaved terminations. The large Cross in the centre of Plate i is a Cross Fleurie. Both our illustrations are of the Greek type, but this variety is frequently found in the Latin form. The Cross Patonce is another beautiful variety. Its arms terminate, like those of the Cross Fleurie, in three members. They are not straight, however, like the arms of the latter Cross, but curved, and spreading as shown in Fig. 12. In the opinion of many, the Cross Patonce is the most beautiful variety of the symbol, and when of a small size it may justly be considered so; but when large, its proportions render it heavy and unsatisfactory....
