

Re-Aligning with Nature: Ecological Thinking for Radical Transformation (Paperback)

Filesize: 4.47 MB

Reviews

Great e book and beneficial one. It is amongst the most awesome pdf i actually have read through. You wont feel monotony at at any time of your own time (that's what catalogs are for relating to if you request me).

(Dorothy Daugherty)

RE-ALIGNING WITH NATURE: ECOLOGICAL THINKING FOR RADICAL TRANSFORMATION (PAPERBACK)

DOWNLOAD

White Cloud Press, United States, 2016. Paperback. Book Condition: New. 203 x 178 mm. Language: English . Brand New Book. Denise DeLuca s Re-Aligning with Nature takes readers who are looking for radical social and business solutions on a direct and simple path to real change: nature s path. In this clear, direct, illustration-driven book, DeLuca lays out the core issues of why we are in danger due to being out of alignment with nature and how realigning with nature can save the planet. Long ago, humans lived in alignment with nature. As we discovered how to exploit nature s resources, as well as human resources, life became easier and more comfortable (especially for the few), but we became detached from nature and our own human spirit. We are now realizing that ecosystems are being destroyed, species are going extinct, and the Earth is heating up. But giant companies, governments, and other organizations are sluggish and can t respond to change fast enough. In addition to realigning what we make and how we make things with nature, we need to realign ourselves with nature and our own human nature. We need to recognize and recapture our natural paradigm. Radical? Absolutely. Hard? It s much easier than you d think. Welcome to the real world!.
