He holds a BA(SS), PGDPAM, ILLM, JD, Doctor of Juridical Science and has keen research in democracy and transformation of legal institutions , abstract: The basic nature of any economy lies in the scarcity of its productive resources in relation to its want. Our wants are ever increasing and recurring while availability of resources for satisfying them lags behind. An economy is constantly engaged in the solution of this eternal problem of scarcity. It therefore, undertakes various activities where by the available supply of resources is augmented, existing supplies are utilized more effectively, and some additional objectives like stability, growth, and distribution etc are met with as fully as possible. The division of economic activities between public...
